Town and County News

Miss Dolphine Sneed, of McKenzie, is the guest of Miss Pauline Cozart this week.

Mrs. W. W. Murray has returned from a visit to relatives in Columbia.

Jim Turner was in town last Wednesday exhibiting a piece of Indian bread he had plowed up on his farm.

Miss Topia Lansden, who has been in Nashville attending school the past year, is visiting her sister, Mrs. Will J. Noel.

Little Miss Jannita Ware, of Trezevant, is visiting her grandparents, Mr. and Mrs. C. F. Adams.

Miss Hattie Mai Anderson, of Martin, spent last Friday night and Saturday with relatives in Huntingdon.

Curry Barry, of Lexington, came over Tuesday evening to take in the dance, and remained over Wednesday with friends.

George Jeter, of Dresden, one of the finest fellows that travels the road, was in Huntingdon Wednesday talking clothing to our merchants.

Mrs. J. N. Freeman and daughter, Miss Josie, have returned from a visit to Mrs. Freeman's sister, Mrs. Jas. Ozier, of Nashville.

The County Board of Education will meet here Saturday. Parties having business with the board should take notice and act accordingly.

T. W. Stacy, who has been sick for several weeks at his home near the depot, continues very low. His condition is such as to give his people very much uneasiness.

Dr. J. B. Cox moved last Tuesday to his new office in the Priestly building on the west side. The doctor has now one of the most convenient offices in town.

J. W. Williams, county court clerk, attended a part of the closing exercises of the McMoresville Collegiate Institute this week. He addressed the graduating class Wednesday night.

Mr. and Mrs. Joe Patterson are the proud parents of a fine 10 pound son that came to their home last Tuesday night. Mother and son are doing well and the father—well, he will survive.

F. S. Patrick was called to Chicago Wednesday because of the death of his mother. His brother at Milan accompanied him. Their mother was quite old, but we did not learn the cause of her death.

Mrs. John T. Peeler is attending the closing exercises of Clinton College, Clinton, Ky. Mrs. Peeler delivered the alumnal essay at the meeting of the alumnal association of that institution at its meeting this week.

A dance was given last Tuesday

night at the home of Mr. and Mrs. M. F. Priest. The affair was in honor of their guest, Miss Lydia Sehorn, of Nashville. There was a nice attendance and the evening was very much enjoyed.

Joe Murphy spent last Saturday in McKenzie.

Miss Irene Overton, after visiting friends here, returned to her home in Dresden.

Mrs. W. B. Leslie, of Holladay, is visiting the families of Ed. Hall and G. M. Woods.

Miss Winona Curtis, of Friendship, is visiting her friend, Miss Winnie Davis, at the home of G. M. Woods.

Mrs. J. W. Murphy will leave Sunday night for her former home in Ohio. She will spend a month visiting relatives in that state.

Judge Wilson Enoch, wife and daughter spent a few days in Nashville the latter part of this week.

Miss Corine Gray and little sister, Eddie, accompanied their friend, Miss Margaret Forbes, to her home in Memphis and will visit there for a short while.

The W. C. T. U. met Wednesday afternoon with Mrs. H. C. Townes and had an interesting program. The next meeting, which is to be an observance of Flower Mission red letter day, will be with Mrs. Elitia Dickey.

The commencement exercises of the McTyre School at McKenzie are in progress this week. This is a good school, has been well attended this year and the closing exercises have been up to the splendid standard maintained by this excellent institution of learning.

The closing exercises of the McMoresville Collegiate Institute are in progress this week. The commencement sermon was preached last Sunday by Rev. E. C. Sanders, of Lexington. Quite a large crowd heard the sermon and were very much pleased with it. The programs during the week have been very interesting and the exercises have been well attended. The exercises will close with a play Friday night.

Mr. C. A. Horr, with Henry Desston & Son, Philadelphia, selling and demonstrating the high grade crosscut saw, has been for the past three weeks traveling this territory with O. C. Tidwell. Mr. Horr is a splendid salesman and demonstrator, and he had fine success in taking orders for his splendid saw. He is a big-hearted, jolly fellow and knows how to make himself perfectly agreeable and entertaining on all occasions, and he never loses an opportunity to get in a word for the saw he represents. The large number of orders he placed will make his saw a permanent article in this section. He left Monday of this week for another territory.

TIPS FOR LOVER OF FLOWERS

Plant Sweet Peas in Trenches Six Inches Deep—Chrysanthemums Grow From Seed or Cuttings.

Plant the sweet peas early in trenches fully six inches deep, covering but lightly at first, drawing the soil around the plants as they reach up.

This will give better roots by which to withstand the dry heat by and by. Plant as soon as possible.

Root room in fair soil is all the beautiful white Day Lily asks. It is perfectly hardy, likes moist situations, but will do with little water. A plant for the busy housewife.

Chrysanthemums may be raised from seeds or from cuttings and sprouts from old roots. If the seeds are sown early in boxes and transplanted the plants will bloom the first year. There may be many poor ones from seed.

Do not forget the hardy everblooming roses when ordering. Include some hardy flowering vines for screens for the porches, back fences and summer arbors. Prairie roses, evergreen honeysuckles, woodbines, clematis in variety, wistarias, bitter-sweet, trumpet vine and the harmless wood vines are all fine.

ATTENTION FOR YOUNG TREES

Ground Should Be Forked Up and Well Mellowed and Then Covered Two Inches with Manure.

Spring-planted fruit and ornamental trees and bushes should have the ground forked up and well mellowed and then covered two inches deep with long manure, straw, corn stalks, rotted leaves, weeds or freshly cut grass. This mulch will keep the soil cool and moist. If the summer is hot and dry give to each tree one or two buckets of water. Apply the water late in the evening, spread it slowly around the trunk of tree so it can reach the roots. If the water is dashed against the stem most of it will run off the hard ground and it will be of little benefit to the tree.

Garden Cart and Wheelbarrow.

On an average fully one-half of the trees that die the first summer could have been saved had they been properly mulched and given a little water when needed.

Young trees planted in exposed positions, where they are liable to heavy wind and rainstorms, should be staked and the trees tied to the stakes with a rye straw or canvas band. An old sail cut into strips makes excellent bands. To keep the roots from being loosened, where ground is soft, place four or five large stones on top of the mulch close up to the stem of tree.

Two of the most handy implements on the farm for general, all-around work, are the old-fashioned wheelbarrow and three-wheeled cart.

Ready for Young Trees.

While the stock is coming, prepare the ground. It will not be necessary to add new soil as the trees have been selected with reference to the kind found where they are to be planted. Dig very large holes and fill them in. The trees always do better in filled ground than they do in that which has not been broken up. If the land is sod, it would be well to plow the entire strip, as grass is a great enemy to newly planted things. When the trees arrive, take them at once to some friable land near where they are to be planted and heel them in. Nursery stock is often injured by being kept too long in boxes. After the plants are heeled in it will be safe to transplant them to permanent places any time within a week or ten days from the time of their arrival.

HORTICULTURAL NOTES

Evergreens ought to be planted as early as possible.

When buds begin to swell the time is right to top-graft.

Prune sparingly and a little every year, is the best plan.

Just as soon now as frost is out, the ground will be ready for tree planting. In that order for fruit trees, you can't go wrong by putting in a few Jonathan apples.

The era of the haphazard and careless horticulturist and agriculturist has passed away.

For orchard spraying a three-eighths or half-inch hose is best, and in lengths of 50 feet.

Soil for strawberries should be a deep, rich loam, capable of holding a good deal of moisture.

It is not a good plan to plant trees while the ground is wet and soggy. Let it dry out a little.

Don't get the idea that you cannot obtain satisfactory results from spraying just because your neighbor failed.

Be sure that all of your hose couplings are of the same size so that any two lengths may be coupled together.

Any tendency to fancy shaped flower beds and fancy flower stands and such grimaces should be firmly suppressed.

Do not expect satisfaction from Bordeaux mixture that has stood for as much as 24 hours. It deteriorates quickly.

When done spraying each day, run some clean water through the pump, to wash out the spray mixture and avoid corrosion of the working parts.

Bently-Elmore.

Mrs. Edna Janie Elmore announces the engagement and approaching marriage of her daughter, Mary Catharine, and Mr. Gordon Mansir Bentley. The wedding will take place Tuesday, June 4, at the First Baptist Church, Rutherford, Tenn.

The Citizens Bank.

All deposits in this bank are fully protected by ample burglary insurance and an absolute burglar-proof safe. A safe like ours has never been burglarized. It baffles the most skillful burglar. Place your deposits where safety is undisputed.

THE CITIZENS BANK.

SCREEN YOUR PORCHES

You know and appreciate the value of door screens and window screens, but have you considered how very comfortable the porch would be this summer if screened?

Call and let us explain the value of the different kinds of screen wire, such as the black, the galvanized, the bronzed.

By the way, bronze wire is becoming more and more popular. The price is lower than ever before by almost half. The copper wire cloth lasts indefinitely as it never rusts under any circumstances.

FOR SALE BY

CARTER & FOWLER

The Women Folks.

They have more or less business with banks. Many of them come to this bank. We appreciate their patronage; we invite others. No matter how small or how large their business, we invite them to come. All transactions strictly confidential. Advice and assistance cheerfully given upon request.

CITIZENS BANK

HUNTINGDON, TENN.

For Sundays trade will deliver late Saturday evening. All bills payable Saturday evening for week ending Saturday morning. Soliciting patronage, we are yours to please.

J. Edwin Black & Son.

Dropped Dead.

Dr. D. W. Seates, a prominent physician and most excellent gentleman, of Martin, died very suddenly last Saturday. He was standing on the street talking to some friends when, without a moments warning, he fell to the side-walk dead. Apoplexy was pronounced the cause. He was apparently in the very best of health. Dr. Seates is well known to many people in Carroll county and his death is greatly regretted. He is survived by his wife and four children.

For Sale.

8-horse Nichols & Sheppard portable engine and boiler. Cheap. H. E. WILLIAMS.

The Democrat—52 weeks, \$1.

See the Huntingdon Jewelry Company for full supply of Eastman Kodaks and films.

What Texans Admire

is beauty, vigorous life, according to Hugh Tallman, of San Antonio. "We find," he writes, "that Dr. King's New Life Pills surely put new life and energy into a person. Wife and I believe they are the best made." Excellent for stomachache, liver or kidney troubles. 25c at Patrick Drug Co.

I have a good pasture and will take stock to graze at 50 cents per month. Apply to 18-4t W. H. HAMILTON.

For Rent.

Mrs. Sallie Grizzard's house on Nashville street. For particulars see Neil Wright.
